

Haywire: Reference Library

Table of contents

1 Specifications.....	2
2 Improvements.....	2
3 More To Follow.....	2

1. Specifications

- [DS2490 USB to 1-Wire Bridge Chip](#)
- [App Note 117: DS2490 Universal Serial Bus Descriptors](#)

2. Improvements

As part of ongoing 1-Wire API refactoring, some changes were made to it. They are documented at DIY Zoning [Changes to OWAPI](#) page.

3. More To Follow

Almost all the references pertinent to this project can be found at [DIY Zoning Reference Library](#) page.

As soon as a working implementation is available, they will be moved here.
